

# Door Bar PR1900

Art. no. 10676

Page 1 of 1

## Technology

- VdS-approved, DIN tested in connection with VdS-approved cylinder and PZS1000 (not included)
- Secures the door over the whole width
- Strong wall anchor: ensures maximum strength against physical attack
- Doorguard: allows door to be opened partially without compromising security
- For door widths from 850-1,000 mm
- Special lengths of 900-1,200 mm are available
- Cylinder can be exchanged easily to integrate the lock into master keyed systems
- Fitting instructions and fitting materials included
- Incl. three keys

## Operation and use

- For all entrance doors
- To be locked with a key from both inside and outside
- Can be used for doors DIN L / DIN R
- Can be combined keyed alike

## Variants

- Colours: brown, brass laquered, stainless steel look, white-white, white-brass plated, white-chrome
- Without door guard (PR1800) available

The elegant and solid additional lock - with door guard
